The basic requirement of these floodplain regulations is that new or substantial improvement of non-residential structures be either elevated or waterproofed to or above the 100 year flood level.

## 1994 SELECTMEN'S REPORT

This year has been one of intensive effort by the Board of Selectmen. We have strived for full knowledge of all aspects of town government. Our goal has been to have complete information to make informed decisions. We feel the town is best served by a board that works to meet the needs of the citizens, realizing that not all people are pleased with every decision.

We give special thanks to our office staff in helping to support the Board during times when we struggle with seemingly endless issues. A difficult decision came at the end of 1994 when the Board voted not to renew Mr. Bucklin's contract. In spite of this crossroad, we offer our appreciation to Dexter for his dedicated service to the town.

While there seems to have been innumerable meetings this year, the results have been measurable. Some of the work this year includes: Updating and expanding our Policy Manual. A joint meeting with the Budget Committee initiated closer communication between that committee and the Selectmen. Department Head meetings continued this year and a newly formed Safety Committee has met. A group of citizens helped the Selectmen prepare a step by step plan for renovating the Town Hall. At the same time a newly formed Main Street group is working hard to improve our downtown area.

Planning is the key to Canaan's future. During the budget process, we asked all department heads for a three year projection to help foresee capital improvements. Our many departments and committees, including our Planning Board have worked diligently to accommodate changes while moderating the impact that comes from the demand for town services. With the continued support of all who give their time to improve the Town of Canaan, the future looks bright.

## ADMINISTRATOR'S REPORT

"I like the dreams of the future better than the history of the past."

Thomas Jefferson

I sit with mixed emotions as I prepare for my seventh and what would appear to be my last Town Meeting as Canaan's Administrative Assistant.

On December 20, 1994, the Canaan Board of Selectmen, on a 2-1 vote, determined that the Town of Canaan would be better served with the appointment of a different individual as their Administrative Assistant. The swiftness of my dismissal was consistent with the swiftness of my appointment and arrival in April of 1988. Within two weeks of a phone call with Selectmen Ed Labrie in late March of 1989, I was appointed to the position; purchased a home in Canaan; and sold our home in Marblehead. The Bucklin family has never regretted it's decision to make Canaan its home.

Normally this report would dwell on the successful accomplishments of the past year and give recognition to those who's efforts have had a positive impact on the quality of life for those who call Canaan home.

Rather than reflect on the successes and failures of the last seven years, I would like to take this opportunity to express, on behalf of my family, a deep felt appreciation to all of you who have so warmly welcomed us as new arrivals to Canaan.

Professionally, I wish to thank those elected and appointed officials and Town employees whose cooperative spirit and support have eased the process of dealing with the difficult tasks that have faced the Town over the last seven years.

I have enjoyed the opportunity to serve the Town of Canaan, and wish the Town the best as it focuses on the dreams of tomorrow.

## **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL STRUCTURE BASED ON AN AUDIT OF GENERAL PURPOSE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Selectmen  
Town of Canaan, New Hampshire

We have audited the general purpose financial statements of the Town of Canaan, New Hampshire as of and for the year ended December 31, 1993, and have issued our report thereon dated April 1, 1994.

We conducted our audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, issued by the Comptroller General of the United States, and the provisions of Office of Management and Budget Circular A-128, "Audits of State and Local Governments." Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing our audit of the general purpose financial statements of the Town of Canaan, New Hampshire for the year ended December 31, 1993, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

The management of the Town of Canaan, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories:

## ACCOUNTING APPLICATIONS

- Budget
- Cash and investments
- Revenue and receivables
- Service revenue and receivables
- Expenditures for goods and services  
and accounts payable
- Payroll and related liabilities
- Debt and debt service expenditures

For all of the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

We noted certain matters involving the internal control structure and its operation that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the entity's ability to record, process, summarize, and report financial data consistent with the assertions of management in the general purpose financial statements.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above. However, we noted the following reportable condition that we believe to be a material weaknesses.

## TAX COLLECTOR'S REPORTS

### Observed Condition

The tax collector's reports were not reconciled to supporting documentation for taxes receivable and remittances to the Town treasurer.

### Implication

State laws and regulations provide strong internal controls over the tax collection function. Compliance with these controls is demonstrated by the reporting function. Failure to reconcile the underlying data for reporting purposes greatly increases the risk that errors or irregularities may occur and not be detected.

### Recommendation

We strongly recommend that the tax collector periodically reconcile his records within his department and with those of other Town officials. Accurate financial reports should be completed at year end.

We also noted other matters involving the internal control structure and its operation that we have reported to the management of the Town of Canaan, New Hampshire in a separate letter dated April 1, 1994.

This report is intended for the information of management and the Board of Selectmen. However, this report is a matter of public record and its distribution is not limited.

## 1994 CANAAN PLANNING BOARD REPORT

The Canaan Planning Board was primarily involved with the application for a major project planned for the Stevens road and included the expansion of an existing mobile home park. This application had been before the Board for approximately three years and was finally granted approval in December of this past (1994) year.

During this often tedious application process, the Planning Board had an impact study performed by the Upper Valley Lake Sunapee Planning Commission; accepted testimony from the school board, police department, fire department, road agent, and numerous other state and municipal officials. At the same time, in conjunction with the Conservation Commission, the Board monitored the state approvals process which was time consuming and detailed process.

Also during the year there were several minor subdivisions, boundary line adjustments, and annexations which generally constitute the bulk of the Board's work.

The Planning Board is looking forward to having some time to re-evaluate the Planning Board Guidelines and work on a revision of the Master Plan; and, as usual, the Board invites all interested people to attend and be a part of their meetings, which are usually held on the second and fourth Thursday of each month.

Respectfully submitted,

## BUILDING PERMITS

A building permit is required whenever a property owner is building or modifying a structure on their property at a cost of \$500.00 or more. Roger L. Remacle, Sr., a long time resident of Canaan, is the Town's Building Inspector. His years of experience and vast knowledge are invaluable assets for an individual in his position, as well as for the residents of Canaan.

The issuing, recording and filing of the building permits allows the Town to maintain accurate records of new construction and renovations within the community, as well as assuring compliance of both with State building codes. The following is a list of the various types of building permits and the charge for each:

\$25.00	New house construction
\$25.00	Commercial construction
\$15.00	Manufactured housing
\$10.00	Renovations or additions
\$ 2.00	Renewal - permits are valid for 12 months

## BUILDING PERMITS ISSUED

New Homes	9	12	20
Mobile Homes	11	6	14
Renovations	51	72	73

## REPORT OF THE CONSERVATION COMMISSION

During 1994 Mr. Roger L. Remacle, Sr. donated to the Town the development rights to approximately 20 acres along the Mascoma River. Mr. Remacle's generous gift will preserve and protect about 3000 feet of riverside. Since the property abuts the already existing McKee conservation easement, Mr. Remacle's donation will further enhance the recreational, educational, and conservation possibilities for a significant ecosystem within the Town.

Students from UNH and the Community Environmental Outreach Program completed the second term's work on a proposed plan for the McKee Bird In Hand Farm conservation property. Phase two began in the spring of 1994. UNH students assembled all pertinent data: on site evaluations, mail questionnaires, interviews with educators, Scout leaders, sportsmen, botanists, and bird watchers. The resulting study is a time-series management plan in three recommended time frames which will be a valuable resource for the Conservation Commission.

Throughout the year members of the Commission worked with the planning board presenting environmental concerns regarding a proposed subdivision.

Reviewing Dredge and Fill Permit applications for the NH Wetlands Board continues to be a major responsibility of the Commission. Permit applications must be filed by anyone proposing any construction in a wetland or adjacent to open water. Application are available from the Town Clerk and members of the Conservation Commission are also available should anyone have questions about the process.

## REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

In calendar year 1994, our three (3) leading causes of fires were No Permit, Children and Rekindles of fires where the fire was not properly extinguished.

Violations of RSA 224:27 II, the fire permit law, and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and or a year in jail. Violators are also liable for all fire suppression costs.

To aid your Forest Fire Warden, Fire Department and State Forest Fire Officials, contact your local Warden or Fire Department to find out if a permit is required. This also helps to prevent unnecessary response to a controlled burn.

<u>FIRE STATISTICS</u>	<u>1994</u>	<u>AVERAGE 1990-1993</u>
# of fires reported to State for cost share payment	283	443
Acres burned	217	246

Suppression cost = \$90,000+

Local communities and the State share the cost of suppression on a 50/50 basis. The State of New Hampshire operates 15 fire towers and 3 contract aircraft patrols. This early detection and reports from citizens aid the quick response from the local fire departments.

## ADVANCE TRANSIT INC.

Advance Transit is a regional nonprofit company incorporated in the state of New Hampshire in 1984. Towns currently served are Canaan, Enfield, Hanover, Lebanon, and Lyme, New Hampshire and Hartford and Norwich, Vermont. Advance Transit is governed by a volunteer Board of Directors. Persons interested in serving on this board should contact Advance Transit for more information.

The past year was a busy one for capital projects. In October, following several years of effort, Advance Transit completed and moved into a new facility located in Wilder, Vermont behind the old Billing's Dairy on Route 5. The building houses all of the maintenance, administrative, and vehicle storage needs for the company. The project was financed by USDOT grants through the Vermont Agency of Transportation and a low interest loan from the Community Transportation Association of America. The project not only provides facilities tailored to the company's operating needs, but provides significant long term financial benefits by eliminating lease costs.

Advance Transit also secured grant funds to finance badly needed replacement vehicles. The first of these will be placed in service during January or February, 1995, and will have improved passenger amenities including wheelchair lifts, lighted destination signs, and air conditioning.

Advance Transit continues to offer its Rideshare service. Persons interested in finding carpool partners can register for this program by calling (802)295-1824 or 1-800-865-RIDE. Referrals are strictly confidential.

Advance Transit carried 128,765 passenger trips during its fiscal year ending September, 1994.

In 1995 Advance Transit will be concentrating not only on getting new buses on the road, but on improving its schedules within the Hanover/Lebanon/WRJ core service area. One of the primary objectives is to improve on time performance and transfers throughout the system.

Thank you for your providing continued support for alternatives to single occupant vehicles use in the Upper Valley.

## HEADREST

Headrest has provided social services to the residents of Canaan for the past twenty-four years. Our specialty is alcohol and drug abuse prevention and treatment services. These services are provided through four programs:

1. Alcohol and Drug Abuse Counseling
2. Teen Program
3. 24-Hour Hotline (Crisis Counseling & Information & Referral)
4. Shelter for the Homeless

In 1994 Headrest's service statistics for the Upper Valley were:

1. 259 clients received 3,096 hours of Alcohol and Drug Abuse Counseling.
2. 135 students received Teen Counseling Services.
3. 6,489 Hotline and Teenline calls were answered.
4. 173 Homeless clients spent 2,863 bed-nights in our Homeless Shelter.

Headrest handled seventy-seven Crisis and Information & Referral calls from Canaan on our Hotline and Teenline. Alcohol and drug Abuse Counseling was also provided for fifteen of your residents.

In our view Headrest is like 911. We are the safety net for your town for psychological emergencies and for alcohol and drug abuse problems.

At your service,

Ronald J. Michaud, MSW, CCSW  
Executive Director

## WISE

WISE thanks the people of Canaan for their support in 1994. Community support is vital for WISE to continue providing all crisis services FREE to clients. No one is ever turned away. WISE is the only agency of its kind in the Upper Valley and services are available 24 hours, 365 days per year. Many people we work with would have no where else to turn for legal advocacy, counseling or other emergency assistance if WISE services were not available.

The Domestic Violence Program provides services to educate women, men, children and teens of the Upper Valley that violence does not have to be part of their lives. WISE assisted 18 battered women and their children from Canaan last year.

Through the Sexual Assault Program, 6 Canaan survivors of sexual assault came to WISE for help in 1994.

WISE has assisted more than 1000 women this past year who have been battered or raped. Many direct service hours are frequently needed for each client statistic: providing counseling, finding a safe home, helping to obtain restraining orders, providing transportation, support groups and advocating on their behalf with the medical, court, welfare and housing systems. WISE also provided non-crisis services such as helping with job problems, finding legal or medical advice to over 1,000 women.

The main reason WISE can do so much with limited financial resources is our dedicated volunteer staff: covering the hotline, helping with public presentations, office assistance and fund raising. Every dollar Canaan provides WISE is multiplied three times by the contributions of volunteers.

WISE has expanded its work with teens in the schools through our School Outreach Program. Emergency Room Protocols with Dartmouth Hitchcock Medical Center and currently one in progress with Alice Peck Day Hospital, have been developed. For the above reasons, as well as increased media focus on domestic violence issues, we are seeing a significant increase in calls and visits to WISE. The demand for our services continues to grow more than 50% annually and our funding resources are continually stretched to their limits.

Our next long term goal is to provide a transitional housing facility for the Upper Valley community, so women have a 'bridge' back to non-violent living.

## CANAAN POLICE DEPARTMENT

1994 was a very interesting year in Canaan. There were many changes within the Canaan Police Department. The biggest change was when the citizens decided to elect a Police Chief rather than have one appointed by the Board of Selectmen. After I was elected I had to attend the New Hampshire Police Academy. While I was at the Academy, Danbury Chief Steven Corsetti was appointed as Interim Chief. He was instrumental in hiring a lawyer as Town Prosecutor. Attorney Lara Wolter a former Assistant Grafton County Attorney is our new Prosecutor. She has been very helpful to the department in several important areas, namely: reorganizing our files, setting up a training schedule and assisting in our preparation of criminal cases for District Court and Superior Court.

I want to take this opportunity to thank the citizens of Canaan for their patience and understanding. The Department is short one Full-time Officer, two Part-time Officers, and a Part-time Secretary. We are in the process of filling those positions with the most qualified people that we can find.

Officer Anthony Piscopo, our Full-time Patrolman, is presently attending the Police Academy. He is doing well according to the commandant, Captain Sims. He said that the running is the most difficult part of the Academy and I whole heartedly agree. We certainly look forward to having Tony back on the roster as soon as he graduates.

We are making some changes within the police station and when they are complete we will hold an open house. Until then, please feel free to drop in whenever the station is open, if you have a question we will attempt to answer it. If you have a concern let us know. The Canaan Police Department will serve and protect the citizens of Canaan to the best of our ability, now and in the future.

Sincerely,

William MacDonald  
Chief of Police

## ROAD AGENT'S REPORT

The past year was a little different for the highway department as we built two bridges that took about 2 months of our time. The bridge on River Road was rebuilt with the use of the old headers and steel so the weight limit could not be changed. The bridge on Potato Road was completely taken out with all new concrete and steel installed. The savings to the Town was \$550,000.00 from the bid price.

Again, this past year we crushed 4500 yards of gravel and put it on our dirt roads in our continuing efforts to upgrade our gravel roads.

We were also able to oil 5 miles of asphalt roads. We didn't get our leveling done as we ran out of time. But we will try to make up for it this coming year.

The town now owns the land behind the transfer station so we have started moving over there a little at a time. We now have our winter and summer sand and our crushed gravel stockpiled over there. We also built a new 28' x 48' salt shed. This shed cost the town \$2,500.00 and should pay for itself in wasted salt in two years. It should also allow us to stock pile more salt so we don't run out in the middle of a storm and not be able to get a delivery.

We purchased a bucket truck from surplus this year at a cost of \$3,500.00 and paid for it out of old Block Grant monies. This vehicle will allow us to start taking down and trimming some of the large trees that are hanging over our roads.

The sidewalk work that was supposed to be done in 1994 was put off by the state but we have now been joined by the New Hampshire Department of Transportation and the American Disabilities Act with extra grant monies so we should get a lot better job done. Completion date is sometime in 1995.

I would like to take this time to thank Enfield Granite Co. for the donation of all the granite blocks and chips for our two bridge jobs. A big savings for the town.

Again this year I would like to thank all the citizens for their help and concern, Town department and my crew for a job well done. Please drive safely.

Earl Charbono, Road Agent

## CANAAN RECREATION COMMITTEE

It was another busy year for the Canaan Recreation Committee. The beach program went well this past summer thanks to all the help of John Moore and the life guards. John is a new member of our committee this year and has done an outstanding job of supervising the beach program.

Work has been done again this year to have an ice skating rink on the basketball court at Williams Field. Weather permitting we will have a nice soft place to skate.

If you didn't visit Williams Field last summer, you should this coming year. Thanks to Mums Nursery of Canaan the bank between the ballfield and the railroad tracks had major improvements. Fruit trees and flowering shrubs were donated and planted along with other attractive landscaping, all the labor and materials were donated by Mums Nursery.

The park also received improvements, new trees planted and brush removed. Park benches have been ordered for next summer. Watch for more improvements this coming summer.

Thanks to all who donated time and materials to make this possible.

Marvin Rocke, Chairman  
Recreation Committee

## MEETING HOUSE COMMITTEE

A quiet year in 1994 as far as restoration work went. The only thing done was the application of a second coat of oil to the MEETING HOUSE floor - looking good!!

The town, however, paid for the painting of the east, (front-side), of the building including the tower, which makes the total outside look great.

With approval of the Town's 1995 budget, we hope to paint all the outside window sash which has not been done in many years.

Plans are on the drawing board to begin work on the West end of the building to bring this into a more useful function. Included would be the removal of the existing structure and the building of an addition that would include a lavatory, kitchenette, and stair access to the balcony which meets fire code. All this takes money which we don't have - so that's another whole story.

## CANAAN HISTORIC DISTRICT COMMISSION

The Canaan Historic District was first established in 1968. Due to legal requirements the District was reestablished by vote of the town on March 15, 1986.

The Canaan Historic District is the area in the Town of Canaan whose northern boundary is the Old North Church and which extends in southerly direction along Canaan Street to the property of Stacy Beebe and whose eastern boundary is the shore of Canaan Street Lake and whose western boundary is 500' from the center of the road named Canaan Street.

The purpose of the Historic District commission is to preserve the architectural and anesthetic beauty of the district, to conserve the property value of such a district and to promote the proper uses of the historic district for the education, pleasure, and welfare of the citizens of the municipality. The commission meets on the third Wednesday of each month (as needed) to consider architectural changes to the building of the district. The commission met both large and small changes to the exterior appearance of buildings such as: additions, repairs, changes in the exterior paint color, and changes in the usage of a property. The commission requests people needing to apply for approval to submit their application to the commission at least two weeks in advance of the next scheduled meeting.

## CANAAN HISTORIC MUSEUM

The museum was open 37 times during the summer for regular and special openings. Mr. Pendleton and Mrs. Snyder both had a special opening for their students as they did last year. The total number of visitors for the season was 329.

The Museum building was painted on the north and west sides and we are hoping to have the rest of the building painted this summer.

Last year we purchased 5 reprints of the History of Canaan and had to order another 5 as the first order sold out. We have 2 histories left and have an order in for 5 more to come in the spring. The reprinted histories were almost as good as the original, and those who saw them remarked how clear the pictures were. We also have a small supply of the Canaan Bicentennial (1761-1961) booklets left for sale, and a few "A Look at the Mascoma District" book of photographs by Harold R. Wyman of Canaan, New Hampshire.

The Canaan Historical Society meetings are the last Saturday of the month at the Canaan Senior Center at 9:30am. Most of the meetings were taken up with the business of the museum, but this year we hope to have regular programs with speakers at each meeting. The dues for the society are \$5.00 a year with the year ending at the November meeting. We would like anyone interested in becoming a member to come to any of our meetings.

## GRAFTON COUNTY SENIOR CITIZENS COUNCIL

Grafton County Senior Citizens Council, Inc. provides services to older residents of Canaan through the Mascoma Area Senior Center. These services include home delivered meals, a senior dining room program, transportation, adult day care, outreach and social work services, health screening and education, recreation, information and referral, as well as opportunities for older individuals to be of services to their communities through volunteering.

During 1994, 204 Canaan residents were served through all of GCSCC's programs. These individuals enjoyed dinners at the senior center, received hot meals delivered to their homes, used transportation services to travel to medical appointments, to grocery stores, to do personal errands or to the senior center, volunteered hours of time, energy and talent to support the operation of the agency's services to the community, participated in recreational and educational programs, used our information and referral service, or used the services of our social worker. Services of Canaan residents were instrumental in supporting many of these individuals as they attempted to remain in their own homes despite physical frailties.

GCSCC staff also works to assist older Canaan residents and their families in taking advantage of available programs and services which will improve the quality of their lives.

GCSCC very much appreciates the support of the Canaan community for services which enhance the independence of older residents of Canaan.

## GRAFTON COUNTY COMMISSIONERS' 1994 REPORT

The Grafton County Commissioners are pleased to submit the following report to the citizens of Grafton County. Despite some major personnel changes during the past year, we have enjoyed a smooth transition, thanks in large part to the concerted efforts of our employees including department heads, our administrative team, and the employee council.

After twenty-five years of service to the county, our Executive Director, Evelyn Smith, retired, effective December 31, 1993. Although she is sorely missed, her position has been ably filled by Ernie Towne, moving from Superintendent of Corrections after an extensive search. His former post has been taken over by Sidney Bird, who joined us in April of 1994 after extensive corrections experience in Miami, Florida.

The resignation of Nursing Home Administrator John Richwagen necessitated the establishment of yet another search committee and review of resumes. In late November John will migrate North from Massachusetts to join us as the Administrator of the Grafton County Nursing Home. During the nearly five month interval Office and Personnel Supervisor, Joanne Mann, did an outstanding job as Acting Administrator. Another change at the Nursing Home and Department of Corrections was the addition of Dr. David Fagan as Co--Medical Director, joining our long-time Medical Director, Dr. Harry Rowe.

Another change in personnel will be the succession, in January of 1995, of a new commissioner from District 3, Steve Panagoulis of Plymouth, taking over Betty Jo Taffe's seat. Betty Jo, after many years' interest in and association with Grafton County, opted not to seek re-election in order to join her husband on his sabbatical. We shall miss her and wish her well, as we welcome Steve to his new responsibilities.

In November of 1993 construction of an expanded Special Needs Unit was completed at the Nursing Home and 20 residents moved into their new quarters. Family Day was held once again for Nursing Home residents and their families, and continues to be a huge success. It is one of the residents' favorite annual events. Also, during the year County Nursing Home employees rejected an attempt to unionize, opting instead to continue with the current employee council.

During FY 1994 Grafton county saw the completion of Phase I of the AHEAD, Inc. Community Development block Grant (CDBG), used

to purchase and renovate low and moderate income housing in the Littleton area, and made significant progress on Phase II.

In addition, the Office of State Planning notified the county that it had been awarded a two-year CDBG of one million dollars for the Whole Village Family Resource Center in the Plymouth area. Funds will be used to construct a facility which will house local human service agencies that work with children and families.

During early FY 1994 the County Long Range Planning Committee presented a preliminary plan for addressing County Courthouse space needs. The County hired CMK Architects of Manchester, NH to conduct a feasibility study of the options presented by the committee: renovation and construction of an addition to the courthouse or an annex as soon as funding is available. In the meantime, the commissioners approved the state's plan for renovating the Grafton County Superior Court Office at state expense.

Once again Grafton County observed April 16-23 as county Government Week. Activities included an information booth with educational materials and county employees on hand at the Powerhouse Mall in West Lebanon, an art exhibit at the County Courthouse, and public tours of county offices. The Commissioners also recognized employees for their years of dedicated service to the county. In May a Conservation Field Day for school children was held at the Grafton County Farm, and in June the farm hosted an open house.

Financially, fiscal year 1994 was successful, in that revenues exceeded budgeted expenditures by \$738,814, due in part to the unanticipated receipt of nearly a half-a-million dollars of Medicaid Proportionate Share funds, to partially offset the cost of serving a disproportionate share of Medicaid recipients at the nursing home. Human services costs, over which we have essentially no control, continue to rise. Savings effectuated in other departments allow us, in our FY 1995 budget, to keep our increase in revenues to be raised by taxes to 3.1%, with a total budget of \$14,818,299.

A more detailed explanation of FY 1994 is found in our annual report, copies which are available at our office, which may be reached by calling 787-6941.

The commissioners hold regular weekly meeting at the County Administration building on Route 10 just north of the County Courthouse in North Haverhill, with periodic tours of the

Nursing Home, Department of Corrections, County Farm and Courthouse. The Commissioners also attend a monthly meeting of the County Delegation's non-member Executive Committee. All meetings are public, with interested citizens and members of the press encouraged to attend. Call our office at the above number to confirm date, time and schedule.

Once again, we are extremely grateful to all who have helped make several successful transitions, who worked hard for the county, and who have assisted the commissioners - dedicated staff members, elected officials, other agency personnel, our many wonderful volunteers, and the public - all of whom have made our job easier and rewarding.

Respectfully Submitted,

GRAFTON COUNTY COMMISSIONERS:

Betty Jo Taffe, Chairman  
Barbara B. Hill, Vice Chairman  
Raymond S. Burton, Clerk

There were 415.5 hours of training provided by the squad to include any new material that may want to be implemented in field treatment.

In the fall of 1994, the squad decided to replace both ambulances. Through some very hard searching we have replaced both vehicles. We elected to stay with one vehicle as a van type, but decided to add four wheel drive.

We also elected to up-grade our radio system to have better communications with all the other agencies we respond with. This up-grade included replacing base antennas and putting in a more powerful base radio, as well as, adding a stronger radio to each vehicle. This was done to try to help eliminate these areas where communications were difficult because of terrain or lack of radio power.

We will spend 1995, concentrating on improving all aspects of the service and with the advent of 911 coming on line, we hope this will improve the citizens ability to get direct contact with our dispatch to allow a faster and more correct response to each call.

We are looking forward to 1995, as a year to build and would hope that you might be interested in joining. Come to one of our meetings on the first Wednesday of every month.

We have developed an extensive training program for 1995 and

would look forward to any suggestions that anyone might be willing to offer.

If you have any comments or suggestions that might help us improve the service to you please call or write to us and let us know.

Despite any rumors you might hear the CANAAN F.A.S.T INC., is alive and well.

## LISTEN

### Agency Description:

Tri-County Community Action Program (CAP) provides comprehensive and effective outreach service to Canaan residents. The services are provided locally through Lebanon In Service to Each Neighbor (LISTEN, Inc.). Both agencies are private nonprofit organization incorporated in New Hampshire over 20 years ago. Tri-County CAP serves Grafton, Carrol and Coos counties while LISTEN's service area focuses on Southern Grafton County in New Hampshire and Northern Windsor County in Vermont. LISTEN's mission is: To ensure that Upper Valley residents have the resources to become economically independent. In order to achieve its mission, LISTEN offers programs and services in five areas:

A. Housing and Utility Assistance - provide comprehensive assistance in obtaining safe, affordable housing and utilities. 287 Canaan residents were served through this program in 1994.

B. Food Assistance - offer food supplies and cooked meals to supplement the diet of people in need. Food pantry, community dinners and regular surplus food distributions. 315 Canaan residents benefited.

C. Financial Counseling and Advocacy - provide financial counseling and direct assistance in order to prevent financial crisis. in 1994, there were 53 individuals from Canaan who were served by this program.

(D & E are not funded by the town, however services are available to Canaan residents.)

D. Child and Family Intervention - reduce the long-term risk of economic crisis to youth and their families by offering mentoring services year round, summer camp placements, and by providing material support during the stressful holiday period. Special achievements/milestones: Expanded summer camp placement program from 119 children in 1993 to 218 children in 1994 (+82%); Big Brother/Sister matches increase by 10% to 111 and Holiday Basket Helpers assist 365.

E. Thrift Stores - offer low or no cost items to the public. Store sales provide 75% of entire agency annual operating budget. Special achievements/milestones: Sales overall increase by 9%, use of vouchers for no cost goods increases by 78%.

In 1994 Canaan residents received \$47,145 in direct grants or food items through LISTEN the three CAP Outreach Program areas of housing and utilities, food assistance, financial counseling and advocacy. This does not include the value of budget counseling services, a service which is often a requirement made by local welfare offices in order to continue assistance. Thus for every dollar granted by the Town of Canaan (\$1,492 in 1994) residents received \$31.60 in assistance for basic necessities which otherwise would be the responsibility of the Town's Welfare Office. The 1995 funding request to the Town of Canaan is \$1,522.

VISITING NURSE ALLIANCE OF VERMONT AND NEW HAMPSHIRE  
MASCOMA HOME HEALTH SERVICES

We are pleased to have the opportunity to provide this 1994 report on the activities of Mascoma Home Health Services, a branch of the Visiting Nurse Alliance of Vermont and New Hampshire. It is our 25th year of providing home health care, hospice and community health services for the residents of your community.

This has been another year of extraordinary growth in requests for services affecting all of our programs, especially home visiting. This continued growth in home care services was driven by at least two familiar trends; shorter hospital stays requiring more intensive home care services immediately after discharge and the growing number of very disabled, chronically ill, frail older persons, requiring longer term care to promote their independence in the community. Home visits to the residents of Canaan increased 23% over those reported in 1993. Our staff, with their experience, dedication and skill in caring for people in their homes, has made it possible for us to not only meet this challenge but also the challenge of achieving the highest standard of performance possible for a home care agency - full accreditation from the Joint Commission on Accreditation of Health Care Organizations.

Home visits provided by our staff in the Mascoma Home Health Branch for persons in the Town of Canaan for the period 7/1/93-6/30/94, were as follows:

	<u>Visits</u>
Nursing	1,501
Physical Therapy	161
Occupational Therapy	10
Social Services	3
Home Health Aide	2,218
Homemaker	<u>989</u>
TOTAL VISITS	4,882

The Family Health Services Program is available to young families in your community. This program includes a Well Child Clinic and a Women, Infants and Children (WIC) Program and a Home Visitor Program. The WIC Program provides nutrition education, food vouchers and health care referral sources to mother and children from low income families. The Home Visitor Program provides professional support, information and understanding to parents who are struggling with the overwhelming task of raising children. This program affords the nursing and family support staff an early opportunity to

identify and support parents at risk for developing parent-child relationship problems and to develop a plan of care specific to the individual needs.

We believe in the value of home and community health care and appreciate all that you do to support our efforts in your community.

## CANAAN/ORANGE RECYCLING

In 1994 the recycling volume continues to increase. It has gone from 130 to 140 tons, slow but sure. In July we made our goal with the tire collection. We continue to investigate new avenues of marketing the recyclables. Some new things in the near future.

For the new coat of paint on the buildings we can thank the students who participated in the Mascoma Summer Youth Work Program. Also this year we received a \$2,500 matching grant from "New Hampshire the Beautiful". It will be used to purchase special burners to burn the used oil we collect. This is for heating the buildings and equipments.

Do you feel left out, that your missing out on the fun at recycling. Your moment has arrived; we always welcome new volunteers to donate a few hours at the recycling station. We give on the job training with great benefits. Just stop by and sign up.

At this time we'd like to thank all our regular volunteers and especially our chief volunteer Ray Estes. They help the whole process run smoothly.

To this end especially for new recyclers and a review for the regulars, a few hints to make it easier and neater. All this can be done at home as you collect. (A great job for the kids.) All cardboard - flatten. Newspapers and magazines, etc. are bagged separately. Steel cans - rinse - flatten or not. Aluminum cans - rinse - flatten or not. They take less space in the big bags. Same for soda bottles.

Thanks for your help - see you at recycle.

TOWN MEETING ADJOURNED FROM MARCH 8, 1994 TO MARCH 12, 1994

Moderator Daniel W. Fleetham reconvened the 1994 annual Town Meeting at 1:04 p.m. on March 12, 1994 at the Canaan Elementary School to take up Articles 3 through 29.

Prior to accepting the first motion, Mr. Fleetham listed the rules for running the meeting: 1) no smoking; 2) only legally registered voters from Canaan may exercise their voting rights (blue "Registered Voter" hand-held ballots were passed out prior to the meeting); 3) a person must be recognized by the chair prior to his speaking and then he should direct all comments through the chair; 4) all discussion must be germane to the article on the floor; 5) all amendments must be in writing and any one may be on the floor at a time; 6) all makers of motions

and all those who second such should stand and give their names; 7) five or more signatures will be required for a petition for a paper ballot on any article; 8) in the case of a disagreement with a voice/hand call by the moderator, five or more voters could present a written request for a paper ballot before the next article is taken up; 9) the right to speak as well as the right to be heard will be respected; and 10) negative motions will not be accepted.

Next, the moderator read the results of town officer selection and Article 2 from March 8, 1994.

ARTICLE 3: To see if the Town will vote to raise and appropriate the sum of Five Hundred and Fifty Thousand Dollars (\$550,000.) for the reconstruction and renovation of the existing town office building; such sum to be raised through the issuance of bonds and notes under and in compliance with the Municipal Finance Act, RSA 33:1, et seq, as amended; to authorize the Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable thereto; to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; to authorize the Selectmen to take any other action or to pass any other vote relative thereto. (Two-thirds ballot vote required; polls to remain open for a least one hour.) (Board of Selectmen Recommend; Budget Committee Recommends, 4-2)

A motion to accept Article 3 as read was made by Gary Wood and seconded by Steve Iacuzzi. Discussion followed, with the note that if the article passed, the tax increase would be about \$35.00/\$1000,000 value. Included in the discussion were questions as to why not sell the building over to a private firm and build a new building or complex of buildings on town-owned land near the Fire Station. It was noted that the construction would bring the building up to code. After further discussion, a motion was made to move the question. "In 1895, just a century ago Oscar and Fannie Rand's beautiful mansion was built on the corner of Parker Street and the Old Grafton Turnpike...

In 1923, when fire destroyed Canaan village with the exception of only a few buildings, the Rand Mansion was saved, by dynamiting the house next to it, owned by Dr. Frank A. Bogardus, thus slowing the fire's spread..."
